EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard J. Katz on 3/29/07.

The Claims:

"according claim 11" (claims 13-14, line 1) have been changed to:-- according claim 1--

2. The following is an examiner's statement of reasons for allowance: The prior art fails to teach or suggest the claimed method invention including steps of: machining a protrusion into a planar plastic blank to create a dielectric supporting part wherein the protrusion has a height which is a designed height of the planar antenna; fastening the formed radiator, feeding feed conductor and shorting conductor to the protrusion; and providing at least one opening in the planar plastic blank around said protrusion for the attachment of said contacts for connecting the antenna component to a radio device (see claim 1 as amended, and newly added claim 17). These limitations alone or in combination with the rest of the limitations are considered to be distinguished features and are not taught by the prior art references. Accordingly, claims 1-10 and 13-20 are allowed.

Art Unit: 3729

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Minh Trinh whose telephone number is (571) 272-4569.

The examiner can normally be reached on Monday -Thursday 8:00 am to 4:30 pm.
